

ANAND COMMERCE COLLEGE

ECO CLUB

Committee

1, Head of Institute:

Prin. Dr. V.M.Vanar

2, Co-ordinator:

Prof. T.N. Chaudhari

3, Member:

(A) Dr.V.N.Pansuria

(B) Dr. S.B.Patel

(C) Dr. A.Y.Varma

(D) Prof. V.R.Gamit

Vision:

To foster environmental awareness, promote sustainable practices, and engage students in activities that contribute to the conservation of natural resources. The club aims to create a green campus, educate students about environmental issues, and inspire them to become responsible stewards of the environment. Through various initiatives, the Eco Club envisions building a community that actively participates in eco-friendly practices and advocates for a greener, more sustainable future.

Mission:

To instill a sense of environmental responsibility among students. Through education, awareness campaigns, and hands-on initiatives, the club strives to empower students to make sustainable choices and reduce their ecological footprint. The mission includes organizing events, workshops, and projects that address environmental issues, promote conservation, and encourage the adoption of eco-friendly practices both within the campus and the broader community. Ultimately, the Eco Club aims to cultivate a culture of environmental stewardship and contribute to the overall well-being of the planet.

Objective:

Fostering a sustainable and eco-conscious community within Anand Commerce College, where students actively engage in environmental preservation and adopt eco-friendly practices.

1. Education and Awareness:

- Conduct regular workshops, seminars, and awareness campaigns to educate students on environmental issues and sustainable practices.
- Promote the understanding of the interconnectedness between human activities and the environment.

2. Waste Management:

- Implement and encourage proper waste disposal practices, including recycling programs within the college premises.
- Strive for a zero-waste campus by promoting reduction, reuse, and recycling initiatives.

3. Green Campus Initiatives:

- Undertake tree-planting drives and maintain green spaces on campus.
- Collaborate with local organizations for initiatives such as community gardens and urban green projects.

4. Energy Conservation:

- Advocate for energy-efficient practices and the use of renewable energy sources.
- Organize campaigns to raise awareness about the responsible use of electricity and other resources.

5. Biodiversity Conservation:

Work towards preserving and enhancing biodiversity on campus.

Collaborate with local conservation groups to organize field trips and projects related to local flora and fauna.

6. Eco-friendly Events:

- Ensure that all events organized by the college, including those hosted by the Eco Club, adhere to environmentally friendly practices.
- Encourage the use of sustainable materials, minimize waste generation, and promote eco-conscious choices during events.

7. Student Engagement:

- Foster a sense of environmental responsibility among students through active participation in Eco Club activities.
- Provide opportunities for students to lead and initiate eco-friendly projects.

8. Partnerships and Collaborations:

- Establish partnerships with local environmental organizations, businesses, and government agencies to amplify the impact of eco-friendly initiatives.
- Actively participate in community-wide efforts for environmental conservation.

Eco Club Activities : 2019-2020
